

15 May 2020

Dear Mrs Albone,

PROPOSED FLOODLIGHTING OF OUTDOOR NETBALL COURTS AT PRESDALES SCHOOL, HOE LANE, WARE, HERTFORDSHIRE, SG12 9NX

I am writing in support of your planning application to install floodlights on the newly refurbished outdoor netball courts at Presdales School. I can confirm that we have been involved with development of the project and am keen to ensure that the proposed facilities meet the requirements of local netball clubs in the area.

England Netball has an ambition to:-

- Grow participation in the game by an average of 10,000 participants per annum.
- Deliver a 1st class member and participant service.
- Establish England Netball as the number 1 team in the world by winning the World Netball Championships.

The proposed floodlights will assist us in our ambition to both grow participation and deliver a first class experience to members and participants. We hope that by making the outdoor courts available for community use during winter and summer seasons, the School will be able to create a sustainable business plan that maintains the courts to a high standard and reinvests in lifecycle funds.

England Netball fully supports the submission of the planning application and is committed to ensuring that community netball opportunities are developed at this new venue. Please let me know the outcome of the planning application when it is known and contact me for further information if required.

Yours sincerely,

A handwritten signature in black ink, appearing to read "C. Malyon".

Charlotte Malyon
