#### **WTC681: Capital Grant applications for consideration in the 24/25 budget**

- Application from Presdales towards football pitch.
- Application from Drill Hall for Digital Noticeboards.
- Application from Age Concern for replacement windows.

#### **WTC682: Climate and Ecology Bill (GH 5mins)**

##### **Preamble**

Humans have already caused irreversible climate change, the impacts of which are being felt in the UK, and across the world. The average global temperature has already increased by 1.2°C above pre-industrial levels and—alongside this—the natural world has reached crisis point, with 28% of plants and animals threatened with extinction. In addition, the UK is one of the most nature-depleted countries in the world as more than one in seven of our plants and animals face extinction, and more than 40% are in decline.

Climate change remains a major concern for UK voters with 66% of people (according to YouGov) expressing they are ‘worried about climate change and its effects’. Alongside this, the popularity of Sir David Attenborough’s *Save Our Wild Isles* initiative demonstrates public concern that UK wildlife is being destroyed at a terrifying speed.

##### **Climate & Ecology Bill**

The Climate & Ecology Bill, a private member’s bill currently before the House of Commons, seeks to address the challenges that this situation poses by creating a whole-of-government approach to deliver a net zero and nature positive future.

Based on the latest science, the CE Bill aims to align current UK environmental policy with the need to halt and reverse nature loss by 2030, which was goal agreed to at COP15, via the *Kunming-Montreal Framework* (22 December 2022); and reduce greenhouse gas emissions in line with the UK’s fair share of the remaining global carbon budget to give the strongest chance of limiting global heating to 1.5°C, which was the goal agreed to at COP21, via the *Paris Agreement* (12 December 2015).

By bridging the gap between the UK Government’s current delivery, and what has been agreed at international levels, Britain has a chance to be a world leader on climate and the environment; seizing the opportunities of the clean energy transition, including green jobs and skills; reduced energy bills; and boosting the UK’s food and energy security.

Ware Town Council notes that:

The Climate and Ecology Bill has been introduced in the UK Parliament on four occasions since 2020, including most recently in the House of Commons 10 May 2023. The Bill is backed by 180 cross-party

MPs and Peers, 237 local authorities, alongside the support of eminent scientists, such as Sir David King; NGOs, such as the Wildlife Trusts, the Doctors' Association, Oxfam, the WI and CPRE; businesses, such as The Co-operative Bank, Riverford and The Body Shop; and 42,000 members of the public.

The CE Bill would require the UK Government to develop and achieve a new environmental strategy, which would include:

1. Delivering a joined-up environmental plan, as the crises in climate and nature are deeply intertwined, and require a plan that considers both together;
2. Reducing greenhouse gas emissions in line with 1.5°C to ensure emissions are reduced in line with the best chance of meeting the UK's Paris Agreement obligations;
3. Not only halting, but also reversing the decline in nature, setting nature measurably on the path to recovery by 2030;
4. Taking responsibility for our overseas footprint, both emissions and ecological;
5. Prioritising nature in decision-making, and ending fossil fuel production and imports as rapidly as possible;
6. Providing for re-training for those people currently working in fossil fuel industries; and
7. Giving the British people a say in finding a fair way forward via a temporary, independent and representative *Climate & Nature Assembly*, as part of creating consensus and ensuring that no one and no community is left behind.

Ware Town Council therefore resolves to:

1. Support the Climate and Ecology Bill;
2. Inform local residents and inform local press/media of this decision;
3. Write to Julie Marson MP to inform them that this motion has been passed, and urge them to sign up to support the CE Bill – or thank them for already doing so;
4. Write to Zero Hour, the organisers of the cross-party campaign for the CE Bill, expressing Ware Town Council's support ([councils@zerohour.uk](mailto:councils@zerohour.uk)).

### **WTC683: Meeting schedule 2024/25(TP)**

**Recommendation:** to approve the meeting schedule.

**Recommendation:** To update the Delegation scheme to reflect the change in meeting setup.

**WTC684: Approval of quotes related to the Café / Toilet project (TP)**

**Recommendation:** To suspend standing orders to allow for single quotes to be accepted for the works detailed to summary.

**Recommendation:** To approve the quotes as detailed.

**WTC685: Feedback from members of Ware Lido Project group (TP/TD)**

To receive feedback from the project group.

**WTC686: Feedback from members of external groups (Cllrs)**

- Friend of Ware Priory (GH)
- Town Twinning (KTM)
- Southern Maltings (GW)
- Ware Drill Hall (AZ)
- Ware Museum (BB)
- Ware Society (RM)
- Ware Charities (TJP)
- Air Training Corps (TD)
