Town Map

We ae producing a town centre map for launch by end of year which will be distributed in public buildings and local businesses. A local artist is illustrating the map. The Ware Independent Traders Association are supporting the concept and providing feedback on the content.

Spring Clean

In the first week of August our contractors undertook jet-washing and gum removal on the High St, East & West Street, Baldock St and Amwell End.

Town Council Website

Following the resignation of the service by Cloudy IT we are working with a new provider on the sitemap for a revised website. The menus and content will be rearranged to improve accessibility and access and the site will be more mobile friendly.

Community Noticeboard

Asda have kindly agreed to host a noticeboard of town council news. This will be placed by the tills at the Café end of the store.

Christmas 2024 Alternative Lighting Scheme

On August 1st, we attended a seminar organized by Herts County Council for 'Attachments to Columns and Electrical items in the Highway', where they provided information on what requirements should be met in line with section 178 of the Highways Act 1980.

The information presented further compounded the fact that our existing lanterns are unable to be replaced or replicated as there is not a modern equivalent that would meet current regulations.

The decision to retire the lanterns is a result of not only the seminar but also:

- a report from HCC in December 2023 which highlighted multiple issues with the lanterns and the way they are installed.
- a meeting with a senior engineer from Ringway in February 2024 to explore the feasibility of licencing for lights on buildings town-wide.
- a survey with a festive lighting contractor in April 2024 to look at ways to replicate or replace a version of lanterns or building front lights.
- the acquisition of several quotes for lights, bulbs, injection moulded lanterns and power alternatives.
- a report to Ware Town Councillors on the outcome of these information gathering exercises and ideas for alternatives, which were discussed and agreed in May 2024.

In August 2024, we undertook a final survey visit - with our contractor – to all the suitable locations in the town centre to finalise the scheme and place an order for set-pieces and installation.

Our lighting arrangement for 2024 aims to achieve a lighting scheme that is impactful and compliant with regulations and adherence to safety standards.

The September 2024 newsletter will include an article about the replacement scheme and will be able to provide an accurate reflection of what residents can expect to see in the town this Christmas.

Existing elements being retained for 2024:

Original Ware Bear, Cross roads x 3 (Baldock St and 2 x High Street), Festive Motifs on Lamp posts x 3 (Amwell End) and East St & West St festoon lighting

Hire/Purchase: £4,200

Installation/Removal/Storage/Testing: £3,700

New elements for 2024:

Large Ware Bear - outside Library, Ware Bear on Amwell End, LED Tree 7.5m in Tudor Square, Icicle lights on High St selected buildings, 2 non-illuminated 6ft fibreglass props as photo/display points, Lights on the bridge 4 lamp columns, East St festoon (tinsel wrap around the existing lights to match West St.)

Hire/Purchase: £19,400 Installation/Removal/Storage/Testing: £7,700 2025/26/27 costs for the existing and new scheme will be reduced due to no new infrastructure costs being incurred, unless extra additions are needed.

Total = £35,000
