Ware Old Town Live 2025 - Support

Dear all,

Please see below some requests from us at K B Concerts LTD regarding the running of Old Town Live 2025.

- Business support - data and or outreach from WTC to affected businesses alongside K B Concerts
- Fletcher's Lea - this was of untold help to us the night before the day of and the morning after
- Financial support - we are grateful for anything that can be raised, but adding an increased figure to the budget would help enormously.
- Use any WTC services or equipment that can help OTL '25, such as waste management services and crowd barriers.
- Are there any power outlets on Tudor Sq or the Priory we can access for staging, etc?
- TTRO - another revisit on the route diversion to cut our TM cost in half

We very much look forward to running 2025.

Warm regards,

Ben Allingham
Kriss Lawrence
